Product information

Motorbike 4T SAE 15W-50 Street

Description

High-performance motor oil based on fully synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear are just as much taken for granted as gentle clutch engagement and disengagement and gear shifting. Tested on engines with catalytic converters.

Properties

- optimum stability to aging
- guarantees low oil consumption
- especially suitable for wet clutches
- tested for catalytic converters
- outstanding engine cleanliness
- optimum lubrication under all operating conditions
- high wear resistance
- high shear stability

Areas of application

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. For sporting applications. Suitable for engines with or without a wet clutch.

Application

The operating instructions of the engine manufacturers must be followed.

Note: Optimum effectiveness only when the product is used on its own (i.e. no mixing).
